

SMSC

Social, Moral, Spiritual and cultural learning – Including British

Intent

To be at the heart of a creative, impactful and innovative curriculum which is well balanced and inclusive of all.

To expose children to new experiences, which will inspire and unlock their curious mind.

Educating children about their rights and responsibilities linking to the British Values.

To enhance and stimulate children's communication skills.

To heighten children's awareness and understanding of different cultures and Religions.

Implementation

Regular review of curriculum, checking for consistency and progression.

Up to date and regular training

Providing teaching resources, which supports high quality teaching and progression.

Using displays to promote encourage and inspire children

Fortnightly debates

Life Skills Education, which is relevant, stimulating and engaging.

Regular celebrations and events linking to music, arts, sports

Multicultural days/ festivals throughout the year

Daily acts of worship

Assemblies linking to SMSC – including school values, charities, local community and awards.

Impact

Children are as ready as possible for life after Primary School and beyond.

Children understand that we are unique, special and that diversity should be celebrated.

Have a positive, 'can do' attitude towards life and challenging situations, which help us as a person.

Have the skills, which allow them to communicate effectively in a manner, which is respectful to all.

Adopted the ability to think critically and apply life skills learnt to future scenarios.

Ability to reflect upon their behaviours and actions, ensuring that everything they do is for the right reason.

Have a good understanding of the British Values, which will help the children evolve into responsible citizens.
